Re: Dockets Nos. 7523 and 7533

Dear Sue,

This letter will serve as Green Mountain Power Corporation's ("GMP") comments on the issues raised at the Standard Offer Workshop convened by the Public Service Board on October 8, 2009 in the above referenced matter.

1. Implementation Issues related to utility projects in queue

- a. We feel that utilities should be treated like all other developers when it comes to getting their projects into the queue – First come, First served. We don't believe the legislature intended for utilities to get preferential treatment when it comes to fulfilling the cap for the standard offer.

Thank-you for the opportunity to comment in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Castonguay". The signature is written over the word "Sincerely," and the name "Josh Castonguay" which is printed below it.

Josh Castonguay
